

OBJETIVO

O objetivo desta disciplina é promover um conjunto de discussões da literatura recente sobre o tema “inovação e desenvolvimento regional”. Para isso, foi selecionado um conjunto de artigos que vieram, nos últimos anos, influenciando de modo decisivo o debate acadêmico e os desdobramentos de políticas voltadas ao estímulo da inovação e do desenvolvimento regional. Pretende-se que estas leituras dirigidas sejam capazes de estimular o debate sobre o tema e, além disso, permitir a realização de novos projetos de pesquisa na área.

METODOLOGIA

A disciplina será organizada por meio de leituras dirigidas, por meio da discussão coletiva, com participação ativa dos professores responsáveis, dos textos indicados para cada seção.
